

## Foundation Partners with Day Care Centers in Levy County

The Henry & Rilla White Youth Foundation is excited to announce that we will be providing speech language therapy services to children in the Levy County Area starting on August 24<sup>th</sup>. The Foundation has hired Mrs. Joanna Bagg, Speech-Language Pathologist, to join the Foundation team.

Joanna will be providing Speech-Language services in day care centers in Levy County. She has multiple years of experience working with young children in the clinical setting as well as the school setting. We are excited to have her join us. The Foundation has formed a partnership with local day care centers to provide services. Joanna is scheduled to provide services in Bronson at Nana's Place Day Care Center, in Chiefland at Clyatt House and Kountry Kids, and in Williston at Kids N Company. All centers gladly agreed to allow speech services at their facility for anyone who is enrolled in their center and any others who need speech service. We welcome Joanna and we are excited about the difference her skills will make in the life of children in Levy County.

For more information regarding services please see the brochure.
