FOUNDATION, INCORPORATED

Speech and Language Therapy Services

Serving the Children,
Families, and Individuals
of Florida for 27 years.

**FLORIDA
COUNCIL**
for Community Mental Health

Who are We?

MISSION, VISION AND VALUES

MISSION

To ensure that individuals and families receive the help they need to have more meaningful, productive lives. The primary focus is helping individuals and families build their lives based on knowledge of their own worthiness, strength and dignity.

VISION

We will: Be part of the effort to create excellence through the most productive interface between the public and private service offerings. Become increasingly adept at teamwork to identify goals, solve problems and achieve excellence.

Continuously upgrade services that recognize no upper limit in programming quality. Remain committed to community-based programming as the key to successful service delivery based on the mutually supportive relationship between the community and the program.

VALUES

We believe: In helping individuals and families acquire skills and other supports needed for successful community living. In treating individuals and families in a manner that confirms their dignity and self-respect. That collaboration and compassionate dialogue are the best ways to support individuals and families in their efforts to achieve their goals. That all people should be provided with a continuum of care based on individual needs. The quality of the environment is maintained and improved through a continuous sensitivity to local concerns regarding physical, social and moral issues.

The White Foundation is built upon a history of caring for children & families.

The Henry and Rilla White Youth Foundation, Inc. is a Florida-based, not-for-profit corporation founded to serve troubled youth and their families. It was established in 1988 in memory of two of Levy County's most respected citizens, Henry and Rilla White.

Henry was a teacher, school board member and superintendent of the Levy County School System. His wife, Rilla Drummond White, owned White's Grocery Store, a gathering place for youth. She was widely known for her commitment to her family, church and the youth of the community.

The White Foundation is dedicated to ethical and professional care.

Every member of the White Foundation staff is personally dedicated to helping the children, families and individuals of our state. They demonstrate that commitment through their daily efforts, through their service on community councils, planning teams, advisory boards and participation in local, state and national initiatives to support the needs of individuals and families.

Beneficiaries of Services For children who are developmentally delayed and/or have disorders in:

- **Speech**
- **Expressive and/or receptive language**
- **Feeding**
- **Swallowing**
- **Oral Motor**
- **Voice**
- **Fluency**
- **Social Skills/ Pragmatics**
- **Cognition**

The foundation will provide a program that is characterized by:

- 100% of parents will receive communication through their expressed preferred method, whether it be by phone, fax, mail, or face-to-face.
- Services that are provided in the community day care setting; Bronson, Chiefland, Williston.
- Young children will remain in the same secure environment all day.
- Eliminate the barrier for some children to receive child care services and speech/language services.
- Families will not have additional scheduling and transportation burdens
- The professional who works with the child and family will be trained and experienced in working with children and their families in developmental delays; and
- The Foundation will ensure all service delivery is consistent with the policies and procedures of Medicaid, Head Start, Early Steps, and private insurance.
- The Foundation will hire experienced highly qualified staff. When all factors are the same we will hire those who reside in the local community.
- Continuous improvement through quarterly improvement monitoring, client surveys, stakeholder surveys, program director's monthly reports to the CEO on progress to meet program goals. The entire Foundation participates in writing and prioritizing a strategic plan based on the data provided by survey's quality improvement reviews, and program director reports.
