Clinical Coordinator Position

The White Foundation is seeking a qualified candidate to work in our Community Based Intervention Services (CBIS) in Holly Hill. An MA or MS degree in Counseling, Social Work or other Human Services related field is required with at least two (2) years experience in working with adolescents, anger management, family and individual counseling, and group facilitation. Licensure as LMHC, LCSW, LCP, or LMFCC is also required.

If you know of anyone who is interested in this position, please encourage them to email a resume and cover letter to ltarus@hrwyf.org.

Way to go!!!!

Sue Gessler, Clinical Coordinator with the CBIS program in Pensacola, has developed a resource list for staff which includes all the contact information on community services in their geographical area to whom they may refer youth and families on their caseload.

Sue updates this list quarterly to include in each intake packet. This is a great tool for staff and assists in more successful service referral for our clients and their families.

Way to go, Sue – that is “extra effort” on your part!

Celena Hayes, Program Director for this program, will be glad to share this with you as a model for your development in your own area. You may contact her at chayes@hrwyf.org.

WF Growth and Expansion

DJJ just posted the results of the IDDS proposals and our organization has now been awarded contracts in Circuits 1, 2, 3, 4, 7, 8, 9, 15, 17, and 18!!!! The 12/18/09 Bulletin announced our expansion in CBIS in Circuits 2, 5, 8, 9, and 18.

That means that we have “won bids” in the Request for Proposal (RFP) process in 15 of our last 15 submissions! Frank Alarcon along with Ashley Nevels, Brenda Mueller, and Megan Young are batting 1000. (FYI – Frank is a huge baseball fan.)

What a record for the WF team – let’s give everyone involved our support and cooperation as we continue and undertake management of all these programs!

The bid process is very competitive and involves the reviewers evaluating our past performance in QA in like programs, our credit rating as a company overall, our accreditation, our program management style, and our service delivery systems. Therefore, we are all involved in this process and can feel pride in our continued growth and expansion – we all contribute to our success!

So, thank you and congratulations one and all!

Daylight Savings Time

Sunday, March 14 is the date when Daylight Savings Time begins again. Remember to set your clock forward one hour on this day.
